

Where businesses **MEET THE RIGHT PEOPLE**

Infoshare Systems will connect Southern California Insurance (SCIF) with top-tier technology talent quickly, efficiently, and cost-effectively. We streamline the staffing process to align with your strategic goals, ensuring your team has the expertise it needs to grow without disruption.

Whether its staffing critical technology roles or providing full-service delivery teams, we've had the privilege of helping reputed organizations like SCIF reduce cost, enhance performance, and achieve digital transformation goals.

We Provide:

Contract Staffing Services

We are committed to delivering maximum value for your investment. With a flexible approach to sourcing, we provide the right talent precisely when and for as long as you need it. Our focus is on accuracy and alignment, ensuring each candidate is a strong fit for your business goals.

Our Approach:

- 1** We leverage an extensive, curated database and a well-established network of resources to source top talent. Our multi-channel approach includes strategic advertising, direct applications, leading job portals, career fairs, college recruitment, and trusted subcontracting partnerships.
- 2** We meticulously shortlist candidates whose skills and experience align with your organization's requirements. Each candidate undergoes an initial screening interview to assess cultural, and role fit, followed by a thorough internal technical evaluation ensuring that only the most qualified professionals reach your inbox for a meaningful interview.
- 3** Once you've completed the interview and are ready to move forward, we seamlessly handle the offer extension to our candidate ensuring clear communication, timely acceptance, and a smooth transition into your team.

Contract to Hire Services

Our contract-to-hire model lets you evaluate talent on the job before making a long-term commitment. We handle the sourcing, onboarding, and support ensuring a seamless path to permanent placement.

Our comprehensive candidate screening, in-depth technical assessment, and interview coaching for smooth onboarding make us a great choice.
